

**LEAN
CONSTRUCTION
INSTITUTE**
TRANSFORMING DESIGN AND CONSTRUCTION

Mission

We serve as a catalyst for transforming the design and construction industry to deliver value using lean principles and practices

Why

- To allow all participants in the development, design, construction and occupancy of the built environment to optimize their participation in the process in a way that enhances (win-win), rather than diminishes (lose-lose), the value received by all participants.

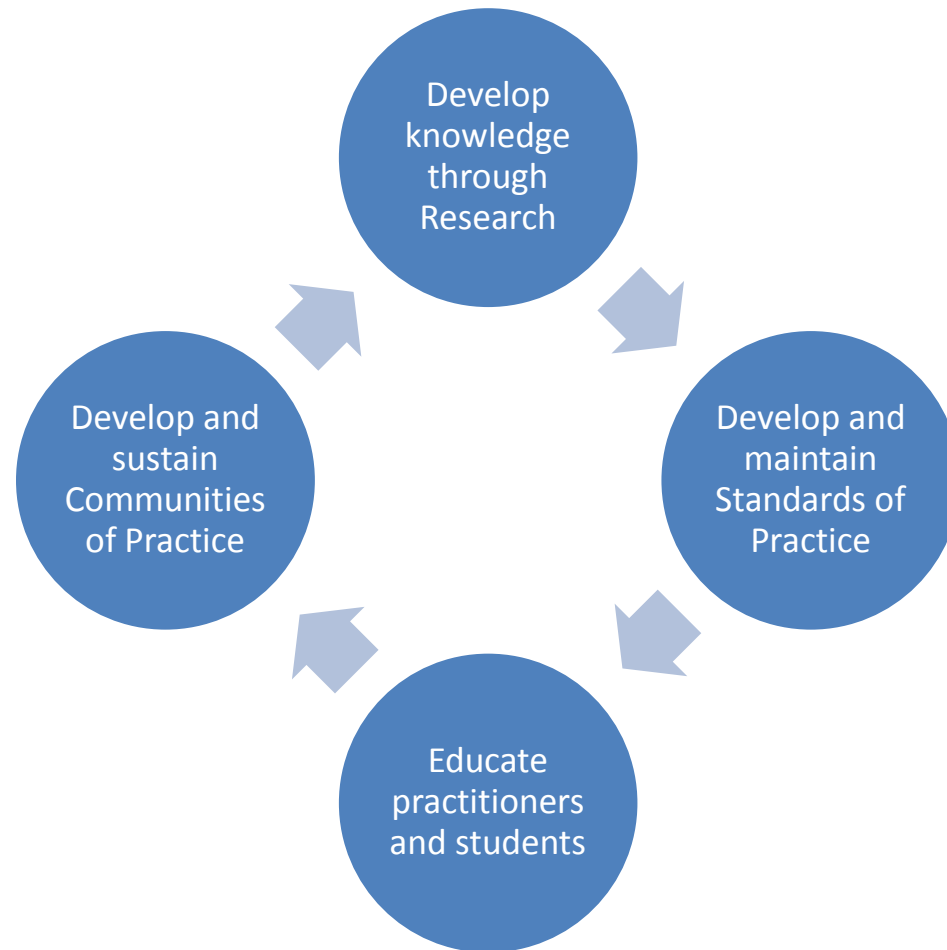

BHAG / Metrics

- 100 major owners use Lean
- 100 COPs
- 100 Corp Members
- 15 university partners
- 100 LCI trainers
- 1000 documented projects
- 10000 people took classes

5 Strategic Initiatives

1. Create industry demand for lean
2. Grow and sustain members
3. Develop lean knowledge
4. Develop lean capacity
5. Develop collaboration and distribution channels

Committees

2014 Philosophy/ Goals

- Focus on owners
- Invest more in developing programs and products
- Engage members through COPs, committees and leadership
- Specific collaboration with industry associations for Lean Methods

LCI

- Would you like to join your journey to ours?
