Bob Krier Scholarship

BOB KRIER SCHOLARSHIP
Lean Construction Institute Chicago Community of Practice (CoP)
Scholarship Opportunities for Students in Design & Construction Disciplines in Higher Education

The Chicago Community of Practice (CoP) of the Lean Construction Institute (LCI) plans to award (2) $2,500 scholarships to students that are currently pursuing degrees in design and/or construction related disciplines.

LCI (www.leanconstruction.org) operates as a catalyst to transform the industry through Lean project delivery using an operating system centered on a common language, fundamental principles and basic practices.

LCI Vision
Transform the Built Environment through Lean Implementation

Goal
Increase stakeholder satisfaction and project delivery value

Objectives
DEMAND - Create demand for Lean
KNOWLEDGE - Create your capacity for learning and sharing better practices
VALUE - Establish standard metrics for Value & Satisfaction
CAPACITY - Develop and deliver standard building blocks for Lean
BOB KRIER SCHOLARSHIP

LCI MEMBERSHIP: YES NO

IF YES, PLEASE LIST LCI MEMBERSHIP NUMBER: ________________________________
TERMS, CONDITIONS AND ELIGIBILITY CRITERIA

The scholarship is designed to recognize and encourage excellence in the Lean Implementation approach to Design and Construction. Scholarships will be awarded based on merit/academic achievement, demonstrated interest in and understanding of the Lean methodology, leadership skills, and financial need. Scholarship applications will be reviewed by a multi-disciplinary team made up of LCI Chicago CoP committee members, winners must attend the Third Annual Bob Krier Award Night on November 14, 2019 where they will be recognized.

SCHOLARSHIPS AVAILABLE:
• (2) $2,500 Chicago CoP Scholarships (plus $250 reimbursement for travel and lodging costs to attend the award ceremony).

REQUIRED APPLICATION DOCUMENTATION:
• Application Form
• One Page Resume
• Cover letter detailing interest in Lean Construction initiatives
• Written essay (Choose One):
  o Topic #1: One of the key characteristics of Integrated Project Delivery “IPD” is collaboration. Describe how collaboration in both the design and construction phases of a IPD project can contribute to the success of the project. Elaborate how this might differ from a traditional design-bid-build project delivery system, where collaboration is not afforded to the project stakeholders.
  o Topic #2: Technology, fabrication and manufacturing are tools with achieving greater efficiencies during the construction process. Describe current technological advancements and detail how these advancements have helped to achieve greater efficiencies in construction. What is the next evolution with technology, fab-rication and manufacturing with construction projects? How can the architectural, design and Ownership communities help to drive these advancements?
• A letter from a Professor or University employee with official capacity (i.e. Academic Advisor, Coordinator, etc.), on University letterhead, listing your overall cumulative GPA, major course of study and enrollment status.
• Submit one Electronic file containing all required documentation to colleen.murphy@boldt.com.

DATES:
• Submit any/all questions by September 7, 2019 to colleen.murphy@boldt.com.
• Application deadline is September 15, 2019.
• Scholarship Awards will be announced October 15, 2019.
• Third Annual Bob Krier Award Night for award presentation November 14, 2019.

COLLEGE/ENROLLMENT STATUS:
• Candidates must be enrolled at time of application, in a trade school, community college or university in the Midwest (Illinois, Northwest Indiana and Southern Wisconsin). Chicago CoP encourages applications from all qualified students. Freshmen through Senior and Graduate students are welcome to apply. High School students are not eligible to participate.

ACADEMIC REQUIREMENTS/CONSIDERATIONS
• Student in good standing making reasonable progress towards a degree in: Construction Management, Civil Engineering, Mechanical Engineering, Electrical Engineering, Architectural Engineering, Architecture, Landscape Architect, Interior Design, or other major pertinent to Design & Construction.
• 2.7 minimum cumulative G.P.A (through latest grading period).
• Demonstrated interest in Lean Construction through internship, project work, participation in a LCI Student Chapter event or attended a Lean academic course. While this is not a requirement, it is encouraged.
• Leadership positions/activities on campus and/or community service activities, particularly those that relate to design and construction.

TERMS
Scholarship recipients will receive funds by submitting the required documentation. Scholarship Awards will be paid directly to the student. Previous LCI scholarship recipients are not eligible to apply. Award recipient may NOT send a stand-in person to the awards ceremony.
